Director's Recommendation

Resolution 4: Financial assistance – acquisition of J2 Australia Cloud Connect Pty Ltd and Zintel Communications Limited

Background

- 20 The Company acquired the Australian and New Zealand voice businesses of J2 Global Inc (NASDAQ:JCOM) through the acquisition of all shares in J2 Australia Cloud Connect Pty Ltd (now known as Zintel Communications Pty Ltd) and Zintel Communications Limited (together the '**Zintel Businesses**') on 31 August 2020. The Zintel Businesses are expected to contribute approximately \$19million revenue and \$6million EBITDA to the Company on an annualised basis. Further information on the strategic rationale for the acquisition of the Zintel Businesses is available on the Company's website or ASX announcement.
- 21 The Company has entered into a binding agreement to acquire the cloud service business Digital Sense Hosting Pty Ltd ('**Digital Sense**') on 2 October 2020. Completion is expected to take place on 30 October 2020, and is subject to a limited number of customary conditions precedent. Digital Sense achieved revenue of approximately \$18.3 million and EBITDA of approximately \$5.4 million in the financial year ending 30 June 2020. Further information on the strategic rationale for the acquisition of Digital Sense is available on the Company's website or ASX announcement.
- 22 In order to minimise dilution of existing shareholders, the Company chose to fund the acquisition of the Zintel Businesses wholly through debt ('**Debt Financing**') and existing cash reserves. A condition of the Debt Financing was that the following entities (the '**OTW Entities**'), which have become subsidiaries of the Company following settlement of the acquisition or following the acquisition, allow the Company's financiers to take fixed and floating charges over their assets and undertaking:
- (a) Zintel Communications Pty Ltd;
 - (b) Zintel Communications Limited; and
 - (c) Digital Sense Hosting Pty Ltd.

Financial assistance

- 23 Section 260A of the Corporations Act provides that a company may financially assist a person to acquire shares (or units of shares) in the company, or its holding company, only in certain circumstances, one of which is where the assistance is approved by members under section 260B of the Corporations Act.
- 24 Section 260B(2) of the Corporations Act provides that if the company providing financial assistance will become a subsidiary of a listed domestic corporation immediately after the acquisition referred to in section 260A occurs, approval will also be required (by way of special resolution) from the shareholders of the listed corporation.
- 25 It is a requirement of the Debt Facility agreement that the Company has entered into that the OTW Entities and the Company obtain shareholder approval so that the OTW Entities may give charges over their assets and undertaking.
- 26 The Company and its subsidiaries may, from time to time, arrange refinancing and additional financing facilities (including working capital facilities) of an amount to be decided in the future. In order to secure and to regulate the obligations of the Company and any subsidiary in relation to such financing facilities, each OTW Entity may be asked to enter into new facilities agreements as an obligor or give one or more of a guarantee, indemnity or security interest over its assets (whether by way of mortgage, charge or otherwise) to secure each obligor's obligations under any new facilities agreement and any related document. The entering into and performing of obligations under any of these documents by a OTW Entity may constitute the giving of financial assistance to the Company in connection with the acquisition by the Company of the shares in the OTW Entities and approval for such financial assistance is being sought by Resolution 4.

Effects of the financial assistance:

- 27 The adverse effects that may result in the case of each of the OTW Entities due to that company entering into the charges are that:
- (a) Each OTW Entity will become liable (as a guarantor) for the Debt Financing and that OTW Entity's assets may become subject to enforcement action by the financiers under the debt facility agreement if a default under that agreement occurs;
 - (b) It may impact on the OTW Entity's ability to borrow money in the future because a financier may be deterred by the existence of those charges;
 - (c) If the Company or other obligors fail to pay amounts due or perform obligations in accordance with the Debt Facility agreement then the financiers may enforce the charges against the OTW Entities; and
 - (d) In the event of the winding up of the OTW Entities, the financiers under the debt facility agreement will rank ahead of the Company with respect to the amounts payable in connection with the charges.
- 28 The Board considers that the OTW Entities benefit from being subsidiaries (directly or indirectly) of the Company in that each may gain access to:
- (a) Working capital or inter-company loans at beneficial rates; or

- (b) Management expertise and business strategies developed by the Company and its subsidiaries (**Group**).

29 Accordingly, the Board has formed the view that the giving of financial assistance and entering into the charges will not materially prejudice the interests of the OTW Entities or their members. However, the Board considers it prudent and consistent with good business practice to seek shareholders' approval.

30 The Board has also formed the view that the giving of financial assistance and entering into the charges is in the best interests, and for the corporate benefit, of the Company and its shareholders because (among other things):

- (a) The Group's financing arrangements will be more flexible and secured;
- (b) If Resolution 4 is not approved, the OTW Entities may not be able to give the charges contemplated by the Debt Facility agreement. In those circumstances, that failure may constitute a breach of covenant under the debt; and
- (c) If Resolution 4 is not approved and the financiers under the Debt Facility agreement demand repayment of all money owing under the Debt Facility agreement, the Company will need to seek alternative funding to replace the funding provided under the Debt Facility agreement, which funding may not be available on terms as favourable as those provided under the Debt Facility agreement, and further, could expect to incur significant transaction costs in connection with such a refinance.

Special resolution

31 Resolution 4 is a special resolution. For this resolution to be passed, at least 75% of the votes cast by members entitled to vote on the resolution present in person or by proxy or representative must be in favour of the resolution.

Directors' recommendation

32 The Directors recommend that Shareholders vote in favour of the Resolution 4 to approve the giving of financial assistance by the OTW Entities to the Company.

Lodgement of documents with ASIC

33 As required by section 260B(5) of the Corporations Act, copies of the Notice and this Explanatory Memorandum as sent to Shareholders were lodged ASIC before they were sent to Shareholders.

Disclosure of all relevant information

34 The Directors consider that this Explanatory Memorandum contains all information known to the Company that would be material to Shareholders in deciding how to vote on the proposed Resolution other than information which it would be unreasonable to require the Company to include because it has previously been disclosed to Shareholders.

41 The table below shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A.2 as at the date of this Notice.

42 The table also shows:

- (a) two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- (b) two examples where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Variable 'A' in Listing Rule 7.1A.2		Dilution

	Funds raised	\$13,613,233	\$27,285,144	\$54,570,288

50% increase in current Variable A* 88,016,598 Shares	10% Voting Dilution	8,801,659	8,801,659	8,801,659
	Funds raised	\$20,419,848	\$40,927,714	\$81,855,428
100% increase in current Variable A* 117,355,464 Shares	10% Voting Dilution	11,735,546	11,735,546	11,735,546
	Funds raised	\$27,226,466	\$54,570,288	\$109,140,577

* Note: Current variable A refers to the calculation required by Listing Rule 7.1A.2 which, in the Company's case, equates to the current issued share capital of the Company.

43 The table has been prepared on the following assumptions:

- (a) the Company issues the maximum number of Shares available under the 10% Listing Rule 7.1A approval;
- (b) no options are exercised to convert into Shares before the date of the issue of the Shares available under Listing Rule 7.1A;
- (c) the 10% voting dilution reflects the aggregate percentage dilution that may be caused to a particular Shareholder by reason of share issue under Listing Rule 7.1A, based on that Shareholder's holding at the date of the Annual General Meeting;
- (d) the table shows only the effect of issues of equity securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1;
- (e) the issue of Shares under Listing Rule 7.1A consists only of Shares; and
- (f) the issue price is \$4.65 being the closing price of the Shares on ASX on 2 October 2020.

44 As at the date of the Notice of Meeting, the Company has on issue 51,225,608 Shares, with the below further shares to be issued between the date of the Notice of Meeting and the date of the Annual General Meeting:

- 8,608 to be issued under the Company's Dividend Reinvestment Plan;
- 6,250,000 to be issued as part of a capital raise to fund the acquisition of Digital Sense Hosting Pty Ltd; and
- 1,483,516 shares to be issued to Agim Isai and Johnathan Jeffrey Pannell as part of the consideration for the acquisition of Digital Sense Hosting Pty Ltd.

This means that at the date of the Annual General Meeting, the Company will have on issue 58,967,732 Shares. Subject to Shareholder approval being obtained for Resolution 6, the Company will have capacity to issue the following equity securities as at the date of the Annual General Meeting:

- (a) 8,845,159 Shares (under Listing Rule 7.1); and

(b) 5,896,773 Shares (under Listing Rule 7.1A).¹

Directors' recommendation

45 The Directors unanimously recommend you vote in favour of this resolution.

¹ The actual number of Shares the Company will have capacity to issue under Listing Rule 7.1A may vary and will be determined at the date of issue in accordance with Listing Rule 7.1A.2 (as illustrated in the table above).
